TO CIVIL AND CRIMINAL SANCTIONS.

This letter responds to your request, dated June 30, 1983, to change the security plan to address the control of access into containment during periods of plant shutdown.

Attached is an excerpt from Revision F to the Turkey Point Physical Security Plan transmitted to you on August 1, 1983 (L-83-434) which satisfies your above referenced request.

The material enclosed herewith contains safeguards information as defined by 10 CFR 73.21 and its disclosure to unauthorized individuals is prohibited by section 147 of the Atomic Energy Act of 1954 as amended. Therefore, the enclosed material is exempt from public disclosure.

The revision does not decrease the safeguards effectiveness of the Security Plan and therefore, does not require NRC approval prior to implementation in accordance with 10 CFR 50.54(p).

There is no proprietary information in the report.

Very truly yours,
