Re: Policy and Procedure for Enforcement Actions;  
Policy Statement, Discrimination  
59 Fed. Reg. 60697, November 28, 1994  
Request for Comments

On November 28, 1994 (59 FR 60697), the Nuclear Regulatory Commission (NRC) published for public comment a policy statement revision, "Policy and Procedure for Enforcement Actions; Policy Statement, Discrimination." The following comments are submitted on behalf of Florida Power and Light Company (FPL), a licensed operator of two nuclear power plant units in Dade County, Florida and two units in St. Lucie County, Florida.

The Nuclear Energy Institute (NEI) is offering comments on this revision. Additionally, FPL's legal counsel (Morgan, Lewis & Bockius), has issued comments on behalf of FPL and several other utilities. FPL endorses these comments and recommendations.

FPL appreciates the opportunity to comment on these topics.

Very truly yours,

W. H. Bohlke  
Vice President  
Nuclear Engineering and Licensing
