License No. 53-19790-01

030-9248

Richard Wasnich, M. D.  
1520 Liliha Street  
Honolulu, Hawaii 96817

Gentlemen:

Subject: NRC Inspection

This refers to the routine safety inspection conducted by Mr. J. F. Pang of this office on July 28, 1983, of activities authorized by NRC License No. 53-19790-01 and to the discussion of our findings held by Mr. Pang with Mr. P. Manley at the conclusion of the inspection.

The inspection was an examination of the activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Based on the results of this inspection, it appears that certain of your activities were not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation enclosed as Appendix A to this letter. These items have been categorized into severity levels as described in the NRC Enforcement Policy, 10 CFR Part 2, Appendix C.

In addition to the need for corrective action regarding the specific violations included in Appendix A, we are concerned about the implementation of your management control system that permitted the violations to occur. Consequently, in your reply you should describe in particular those actions which you will take to improve the effectiveness of your overall management control system.

Your response to this Notice is to be submitted in accordance with the provisions of 10 CFR 2.201 as stated in Appendix A, Notice of Violation.

The responses directed by this letter and the accompanying Notice are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.

Richard Wasnich, M. D.

If you have any questions on this matter or concerning this inspection, please telephone Mr. J. F. Pang on 415-943-3700.

Sincerely,

/s/

Ross A. Scarano, Director  
Division of Radiological Safety  
and Safeguards Program
