SUBJECT: NRC INSPECTION REPORT NO. 50-416/94-22

Gentlemen:

This refers to the inspection conducted by D. Thompson of this office on December 20 - 23, 1994. The inspection included a review of activities authorized for your Grand Gulf facility. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the report.

Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observation of activities in progress.

As described in the Details of this Report, you have identified, investigated and reported to the NRC examples of individuals falsifying Access Authorization records relative to their arrests for criminal activities. These examples are undergoing NRC evaluation, and you will be informed of our decision at a future time.

Within the scope of the inspection, violations or deviations were not identified.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be placed in the NRC Public Document Room.

Should you have any questions concerning this letter, please contact us.

Sincerely,
