

NUCLEAR REGULATORY COMMISSION
DOCKET NOS. M-48, 70-7001 AND 70-7002
U. S. ENRICHMENT CORPORATION
INTENT TO ESTABLISH LOCAL PUBLIC DOCUMENT ROOMS

Notice is hereby given that the Nuclear Regulatory Commission (NRC) intends to establish two (2) local public document rooms (LPDRs) to maintain the publicly available records pertaining to the U. S. Enrichment Corporation's (USEC) operation of Department of Energy Gaseous Diffusion Plants to enrich uranium located in Paducah, Kentucky, and Piketon, Ohio. One LPDR will be set up for each location.

Among the factors the NRC will consider in selecting locations for the LPDR collections are:

- (1) Whether the institution is an established document repository with a history of impartially serving the public;
- (2) The physical facilities available, including shelf space, patron work space, and copying and micrographic equipment;
- (3) The willingness and ability of the library staff to maintain the LPDR collection and assist the public in locating records;
- (4) The public accessibility of the library, including parking, ground transportation, and hours of operation, particularly evening and weekend hours;
- (5) The accessibility of the library to the handicapped;
- (6) The proximity of the library to the Gaseous Diffusion Plants in Paducah, Kentucky, and Piketon, Ohio.

Public comments are requested on libraries in the vicinity of the Paducah, Kentucky, and Piketon, Ohio, sites that might be considered for selection as the locations for these LPDRs.

The comment period expires July 15, 1994. Comments received after this date will be considered if it is practical to do so, but assurance of consideration cannot be given except as to comments filed on or before this date.

Written comments may be submitted to Mr. David L. Meyer, Chief, Rules Review and Directives Branch, Division of Freedom of Information and Publications Services, Office of Administration, U. S. Nuclear Regulatory Commission, Washington, DC 20555-0001.
