

November 7, 1994

MEMORANDUM TO: Eric S. Beckjord, Director
Office of Nuclear Regulatory Research

FROM: William T. Russell, Director
Office of Nuclear Reactor Regulation

SUBJECT: RESPONSE TO OFFICE REVIEW REQUEST: DENIAL OF PETITION
(PRM-20-23) FOR ESTABLISHMENT OF 1 MREM/YEAR PUBLIC DOSE LIMIT

By memorandum dated October 21, 1994, you requested that NRR review and provide office concurrence on the denial drafted by RES of the petition for establishment of 1 mrem/year as the public dose limit (PRM-20-23). The Emergency Preparedness and Radiation Protection Branch proposed a revision to Table 2 of the denial. Rich Emch, NRR, and Charleen Raddatz, RES, reached agreement to strike the tobacco dose entry and the column entitled "Average Annual Dose in U.S. Smokers" from Table 2. A note will be added to Table 2 indicating that smokers receive a higher dose. Based on this agreement, NRR concurs in the draft denial.
