SUBJECT: INSPECTION OF CABOT CORPORATION BOYERTOWN FACILITY

FCLB is currently reviewing Cabot's renewal application for the Boyertown License SMB-920. As part of the license review, my staff has recently visited the site and is concerned that the licensee may not be in compliance with the new 10 CFR Part 20 requirements. Therefore, I am requesting that your staff perform a radiological safety inspection of the facility to resolve this matter.

Please notify Marc Klasky, Project Manager, 301-415-8138, of your inspection date.
