RE: License No. SUA-1534  
Docket No. 40-8943

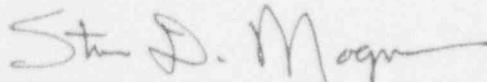

Dear Mr. Holonich:

Enclosed is a copy of the Crow Butte Mine, 1994 Pond Inspection Report as required by NRC license condition no. 53 of SUA-1534. The pond inspection report contains a technical evaluation of the hydraulic capacities and structural stability of the pond embankments.

Crow Butte Resources, Inc. (CBR) submitted an "Evaporation Pond Onsite Inspection Program" dated December 1992 (Revised August 1993) to the NRC for approval. CBR has not yet received approval for the onsite plan but is making this annual submittal in accordance with license condition no. 53.

If you have any questions regarding the inspection report, please contact me.

Sincerely,

Steven D. Magnuson, P.E.
