SUBJECT: NRC INSPECTION REPORT 50-361/94-12 and 50-362/94-12

Thank you for your letters of August 11 and August 19, 1994, and September 26, 1994, in response to our letter and Notice of Violation dated July 12, 1994, related to NRC Inspection Report 94-12. We note in your September 26, 1994, letter you state that certain steps were performed out of order and therefore you no longer request withdrawal of the violation. We have reviewed your replies and overall find them responsive to the concerns raised in our Notice of Violation. We will review the implementation of your corrective actions during a future inspection to determine that full compliance has been achieved and will be maintained.

Your letter of August 11, 1994, also discussed violations related to NRC Inspection Report 94-16. A separate response to your letter related to that inspection report will be provided.

Sincerely,

  
K. E. Perkins, Jr., Director  
Walnut Creek Field Office
