Dear Mr. Voyles:

As discussed in a letter dated March 5, 2020, (Agencywide Document Access and Management System Accession No. ML20063M693), the Nuclear Regulatory Commission (NRC) planned to perform an inspection of Valcor Engineering Corporation (Valcor) to review the implementation of Valcor's quality assurance program in accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) Part 50, Appendix B and 10 CFR Part 21. The letter discussed a preliminary schedule for the inspection. The NRC inspection team planned to arrive at your facility in Springfield, New Jersey, on Monday, April 13, 2020, and conduct the inspection through Friday, April 17, 2020. The NRC will contact you within the next few weeks to reschedule the inspection.
