Docket No. 50-289 SP  
(Restart)

NOTICE TO THE PARTIES

The Commission had scheduled an open meeting for Thursday, November 10, 1983 to discuss the management issues in the TMI-1 restart proceeding. At a closed Commission meeting on November 8, 1983, the Commission decided that it wished to hear at an open meeting from GPU on GPU's June 10, 1983 management organization proposal and any subsequent changes.

Given the short time frame before the previously scheduled November 10 meeting, and in view of Mr. Kuhn's letter of November 4, 1983, the Commission has decided to cancel that meeting and reschedule it for a later date to allow GPU time to prepare this presentation.

The Commission will set the new date in the near future. After the rescheduled meeting, the parties to the restart proceeding will be afforded an opportunity to submit written comments on the GPU proposal as described at the meeting and supplemented by any documents submitted by GPU. The comments of the parties should focus on the impact of GPU's proposal on management competence and integrity.
