SUBJECT: Amendment to the 1991 ANNUAL REPORT - Georgia Tech
Research Reactor
(Docket 50-160, License R-97)

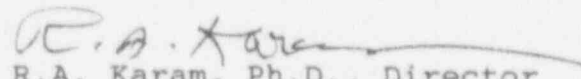

Gentlemen:

A recent review of the 1991 Annual Report which was submitted to you on February 22, 1991, revealed an error in Item 1.f., Page 5, Changes in Plant Staff and Committee Membership.

For Mr. B.D. Statham, the correct job title is Reactor Supervisor and Manager, Reactor Operations. Mr. Statham also functions as the Electronic Engineer for the Nuclear Research Center although this function is no longer reflected in his title. For Mr. William Downs, the correct job title is Senior Reactor Operator.

We regret this oversight. If there are any further questions, please do not hesitate to call at (404) 894-3620.

Sincerely,

R.A. Karam, Ph.D., Director
Neely Nuclear Research Center
