Division
W. R. Grace & Co.
P. O. Box 2117
Baltimore 3, Maryland

Dear Dr. Steadman:

Thank you for your recent letter concerning the waste disposal procedure which you plan to use.

We should like to receive further clarification on several items in your application. As Mr. James E. Baird is listed as radiation safety officer for this program we should like to know whether Mr. Baird will be actually participating in the work. Both you and Dr. Paul Steyermark have indicated in the application that your experience is limited to formal course work in basic mathematics and calculations. It is of interest for us to know from what source you will receive training in the handling and manipulation of the material. Also we should like to know whether Mr. Baird will have the authority to assure that the Standards for Protection stated in Title 10, Code of Federal Regulations, Part 20, are complied with by the users.

Upon receipt of this information we will proceed with the review of your application.

Very truly yours,

William O. Miller
