Re: Byproduct License No.  
19-4003-5

Dear Sir:

We wish to renew the expired Byproduct License No. 19-4003-5 without change. Three completed copies of Form AEC-313 are enclosed as requested.

The Cobalt 60 source on this license is maintained in storage under the conditions of the license, and has been properly tested for leakage and contamination within the past 6 months.

Sincerely yours,

  
J. H. Baird
