Dear Mr. Mobley:

This will confirm my telephone conversation of December 21, 1994 with Mr. Nanney relating to NRC's visit to review the Tennessee Radiation Control Program for Agreement Materials. The visit is scheduled for January 23-25, 1995 in Nashville.

This will be an informal visit to follow-up on the 1994 review comments, assess the status of other program indicators, and to discuss any topics of mutual concern. The usual questions sent to you in preparation for a full review will not be needed for this visit.

Should you have any questions concerning this visit, please feel free to contact me at any time.

Sincerely,

151

Richard L. Woodruff
Regional State Agreements Officer
