Docket No. 50-267

SUBJ: Revised Submittal Date for Decommissioning Emergency Response Plan Changes

REFERENCE: PSC letter, Crawford to Weiss, dated August 21, 1991 (P-91254)

Dear Dr. Weiss:

In the reference above, Public Service Company of Colorado (PSC) indicated that we would submit an update to the decommissioning Emergency Response Plan (ERP) on September 30, 1991. This update would reflect changes similar to those made to the Defueling Emergency Response Plan (DERP) transmitted by the above letter on August 21, 1991.

To ensure that changes made to the DERP are effective before modifying the ERP, PSC will not revise the ERP until after the emergency exercise planned for November 1991. This will permit PSC to incorporate any further changes identified by the exercise into the revision to the ERP. PSC will submit the ERP revision by January 30, 1992.
