In a meeting of Illinois Power Company (IPC) and Baldwin Associates (BA) management and supervisory personnel, I announced the decision to bring Stone & Webster Engineering Company (SWEC) on board on October 18, 1982 as supplemental staff to the Illinois Power Company project management organization. This announcement confirms the decision I outlined with you and your representatives during the September 30, 1982 meeting.

The attached diagram depicts the preliminary organization which IPC is establishing. Several points regarding the attached diagram are cited:

- (1) The project manager will be acting in behalf of Illinois Power Company and reporting directly to me. The BA project manager (not shown in diagram) will report to the project manager as prior to this change.
- (2) The SWEC evaluation team will be comprised of approximately 20 experienced and professional personnel who will be involved in the initial stages of the effort.
- (3) The recovery team organization, although not shown on the diagram, will continue to function as previously prescribed.

Recognizing that the organization described by the attached diagram may change to some degree over the course of the next month, it is our intent to wait for approximately thirty (30) days after Stone & Webster personnel report before formally revising our QA program manuals and procedures to reflect the
