Gentlemen:

Thank you for your letter dated September 19, 1991, submitting Revision 15 to the Cooper Nuclear Station Emergency Plan. This plan change was reviewed and approved in draft by the NRC as documented in our letter dated April 1, 1991.

On October 7, 1991, Dr. D. B. Spitzberg of our staff contacted Mr. M. Krumland of your staff by telephone to determine that Revision 15 differs from the approved draft only with the correction of an error on page 4-9, EAL 2.1.3, 1.1.A. The error involved the transposition of the two reference levels for Minimum Critical Power Ratio.

With this letter we acknowledge implementation of Revision 15 to your Emergency Plan.

Sincerely,

Original signed by

A. Bill Beach, Director
Division of Reactor Projects
