Subject: Arkansas Nuclear One - Units 1 & 2  
Docket Nos. 50-313 & 50-368  
License Nos. DPR-51 & NFP-61  
Amendment Number 9A to the ANO Updated  
Safety Analysis Reports

Gentlemen:

Special Amendment 9A to Arkansas Nuclear One's (ANO) Safety Analysis Reports (SARs) has been issued to address Generic Letters 86-10 (addition of the Fire Protection Program into the SARs) and 88-12 (transfer of applicable fire protection Technical Specifications into the SARs). Certain additional changes in the Fire Protection Program previously existing in the SARs have also been made under 10CFR50.59. Summaries of the 50.59 evaluations performed to support these changes will be provided under a separate cover at a later date as part of the next Annual 10CFR50.59 Report. Amendment 9A to the ANO-1 and ANO-2 SARs is not an annual SAR update in accordance with 10CFR50.71(e).

In accordance with 10CFR50.4(b)(6), 10 copies of Amendment 9A to the ANO-1 and ANO-2 SARs (copies I-102 through I-111 for Unit 1 and II-102 through II-111 for Unit 2) were shipped to you under separate cover letters dated October 25, 1991 (1CAN109107 and 2CAN109107).

I hereby certify to the best of my knowledge and belief, that the changes contained in Amendment 9A to the ANO-1 and ANO-2 SARs are complete and accurate.

Very truly yours,

NSC/sjf
