Mr. Darrell G. Eisenhower, Director
Licensing Division
Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Eisenhower:

In my new role as Chairman of the B&W Owners Group Executive Committee and also Chairman of the B&W Regulatory Response Group, I feel it may be necessary at some time in the future to make contact with the Owners Group and Regulatory Response Groups of other reactor vendors. Something may come up in the future that could be applicable to other reactor designs.

Would you please provide me the names and addresses for the current Chairmen of the Owners Group and Regulatory Response Group for the Westinghouse, General Electric, and Combustion Engineering design reactors.

Thank you for your assistance.

Very truly yours,

Chairman, B&W Owners Group
