

STATE OF NEW YORK
DEPARTMENT OF HEALTH
ALBANY

DAVID AXELROD, M.D.
COMMISSIONER

January 11, 1983

Dear Mr. Haynes:

Thank you for your letter of December 10, 1982, summarizing the findings of your staff during the recent review and evaluation of the Department's radiation control program. You may be assured that we will endeavor to address the deficiencies in as expeditious a manner as current resources permit.

Your comments have been forwarded to Dr. Karim Rimawi, Director of the Bureau of Environmental Radiation Protection. He will respond directly to you regarding changes already instituted and planned program revisions to correct the deficiencies to the extent possible.

We appreciate your staff review and evaluation of our Agreement Materials Program. The recommendations made directly to our staff at the time of review have proven most helpful to them in carrying out their daily responsibilities.

Sincerely,

David Axelrod, M.D.
Commissioner of Health
