

4/1/83

Mr. Philip M. Smith  
Executive Officer  
National Research Council  
2101 Constitution Avenue  
Washington, DC 20418

Dear Phil:

Thank you for your letter of February 18, 1983, outlining possible efforts by the National Research Council in the areas of methods and data for risk assessments for coal and nuclear power.

I have called your letter to the Commissioners' attention and will be in touch with you further after receiving their views.

Sincerely,

(Signed) William J. Dircks

William J. Dircks  
Executive Director for Operations
