Unrepresentative Radiographs for  
Two Borg-Warner Valve Assemblies  
[RDC 79(83)]

Dear Mr. Keppler:

Our interim report to you dated August 31, 1983, states that our final report concerning unrepresentative radiographs for two Borg-Warner valve assemblies for Unit 1 is scheduled to be submitted to your office February 1984.

Due to the delays in the installation and review of radiographs for Unit 1 Borg-Warner safety-related Class I and II valves, the final report for Unit 1 is now scheduled to be submitted to you by May 1, 1984. Additionally, at that time we will furnish the scheduled date for the Unit 2 final report.

Please call if you have any additional questions.

Sincerely,

Murray R. Edelman  
Vice President
