for GE Review", 10/31/94.

As requested by Reference 1 we have reviewed the Reference 2 "Abstracts" with the following comments: The technical content appears satisfactory. There is considerable inclusion of GE/Associates Proprietary information which must be deleted; remove details from figures such that they are comparable to Figure A.3-10. "GIRAFFE Test Facility Schematic", page A-54 of NEDO-32391, Revision A, "SBWR Test and Analysis Program Description". Remove references to Proprietary reports and/or drawings. Obtain Toshiba release before making the Abstracts/information public. (Contact person at Toshiba: Mr. H. Tonegawa, LWR Project Engineering Department, Toshiba Corporation, 1-6, Uchisaiwai-cho 1-chome, Chiyoda-ku, Tokyo 100, Japan, Fax No. 81-3-3597-2227)
