To Whom It May Concern:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. 552, the Government Accountability Project (GAP) of the Institute for Policy Studies, requests copies of any and all agency records and information, including but not limited to notes, letters, memoranda, drafts, minutes, diaries, logs, calendars, tapes, transcripts, summaries, interview reports, procedures, instructions, engineering analyses, drawings, files, graphs, charts, maps, photographs, agreements, handwritten notes, studies, data sheets, notebooks, books, telephone messages, computations, voice recordings, any other data compilations, interim and/or final reports, status reports, and any and all other records relevant to and/or generated in connection with and/or as a result of the November 17, 1983 letter from Thomas A. Rehm to Billie Pirner Garde concerning the Midland Caseload Forecast Panel.

Specifically, all information prepared by Thomas Novak, Daryl Eisenhut, or H. Denton regarding the Midland Caseload Forecast Panel estimates.

This request includes all agency records as defined in 10 C.F.R. 9.3a(b) and the NRC Manual, Appendix 0211, Parts 1.A.2 and A.3 (approved October 8, 1980), whether they currently exist in NRC official "working" investigative or other files, or at any other location, including private residences.

If any records, as defined in 10 C.F.R. 9.3a(b) and the NRC Manual, supra, and covered by this request have been destroyed and/or removed, or are destroyed and removed after receipt of this request, please provide all surrounding records, including but not limited to a list of all records which have been or are destroyed and/or removed, a description of the action(s) taken, relevant date(s), individual, office and/or agency-wide policies and/or justifications for the action(s), identification of all personnel involved with the actions, and any and all records relevant to, generated in connection with, and/or issued in order to implement the action(s).

GAP requests that fees be waived, because "finding the information can be considered as primarily benefitting the general public," 5 U.S.C. 552(a)(4)(A). The Government Accountability Project is a non-profit, non-partisan public interest organization concerned with honest and open government. Through legal representation, advice, national conferences, films, publications and public outreach, the Project promotes whistleblowers as agents of government accountability. Through its Citizens Clinic, GAP offers assistance to local public interest and citizens groups seeking to ensure the health and safety of their communities. The Citizens Clinic is currently assisting several citizens groups and intervenors in the Midland area concerning the construction of the Midland Nuclear Plant.
