James R. Miller, Chief
Standardization and Special Projects
Division of Licensing
United States Nuclear Regulatory Commission
Washington, D. C. 20555

Re: Docket No. 50-297, Facility License R-120

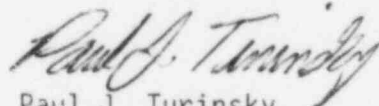

Sir:

Pursuant to Section 6.1 of the PULSTAR Technical Specifications, this is to advise that Mr. Garry D. Miller has been appointed Nuclear Operations Administrator for the PULSTAR Facility. This appointment is of a permanent nature and shall exist until further notice.

Note that Mr. Miller replaces Mr. Thomas C. Bray, who had been appointed on an acting basis as Nuclear Operations Administrator following the departure of Mr. James R. Bohannon, Jr. Mr. Bray shall resume the responsibilities and duties of the PULSTAR Reactor Supervisor.

For any questions, please advise.

Very truly yours,

Paul J. Turinsky
Head, Department of Nuclear
Engineering
