ORDER

On February 6, 1984, the Natural Resources Defense Council (NRDC) filed appeals from the Licensing Board's decisions (i) denying a request for late intervention, and (ii) authorizing NRDC to participate at the upcoming conference with the parties to discuss site restoration activities only by way of filing a limited appearance statement, rather than as a party. The conference is scheduled for March 14, 1984, and filings in connection with the conference must be filed by March 8, 1984.

To permit timely review, all answers to both appeals must be in our hands by no later than close of business, Tuesday, February 21, 1984.

Parties should address the effect of the pendency of NRDC's LWA appeal on the Licensing Board's authority
