Docket No. 50-289  
(10 CFR 2.206)

Ellen R. Weiss, Esq.  
Harmon, Weiss & Jordan  
1725 I Street, N.W., Suite 506  
Washington, D.C. 20006

Dear Ms. Weiss:

This letter acknowledges receipt of your petition to the Commission dated January 20, 1984, submitted on behalf of the Union of Concerned Scientists requesting that the Commission take action to suspend the Three Mile Island Nuclear Station, Unit 1, operating license unless and until certain modifications are made to the TMI-1 emergency feedwater system. UCS based its request upon information obtained over the last few years concerning the ability of the emergency feedwater system to mitigate design basis events for which the main feedwater system is unavailable. Your letter has been referred to my office for treatment as a request for action pursuant to Section 2.206 of the Commission's regulations.

We will review your petition, and I will issue a decision with regard to it within a reasonable time. A copy of the notice that is being filed with the Office of the Federal Register is enclosed for your information.

Sincerely,

Original Signed by
