Dear Ms. Garde:

This is in response to your letter dated November 4, 1983 in which you requested, pursuant to the Freedom of Information Act, four documents relating to an investigation by the NRC of an industrial accident involving a burst steam pipe at Vepco's Nuclear Power Plant.

The items listed below are being placed in the NRC Public Document Room (PDR) located at 1717 H Street, N.W., Washington, DC.

1. Pages from the Headquarters Operations Officer Log Book for 10/15 & 16.
2. Event Report from the NIH computer file.
3. Tape recording of the event report from the licensee, as well as the subsequent notifications from the Operations Officer to the Regional Duty Officer, Emergency Officer and the Resident Inspector.

The NRC has not completed its review of the remaining documents subject to your request. We will respond when that review has been completed.

Sincerely,
