Office of Nuclear Reactor Regulation
Attn: Mr. Harold R. Denton
Director
US Nuclear Regulatory Commission
Washington, DC 20555

Dear Sir:

Three Mile Island Nuclear Stations, Units 1 and 2 (TMI-1 and TMI-2)
Operating License Nos. DPR-50 and DPR-73
Docket Nos. 50-289 and 50-320
Welding at TMI (Boring Allegations)

As you are aware, there have been a series of hearings, principally before the US Committee on Labor and Human Resources, during which the qualifications of welders at Three Mile Island have been challenged.

We request that we be provided all information which the Nuclear Regulatory Commission has regarding the qualifications of welders at Three Mile Island.

It is requested that this information include, but not be limited to, the April 1980 report by the Commission on the Boring allegations, the testimony of Mr. Richard DeYoung of the Commission's Office of Inspection and Enforcement on June 28, 1983, before the Senate Committee on Labor and Human Resources, the Commission's report of June 10, 1983, and any previous or subsequent report or investigation. In making this request, we ask that any information in this matter, including interviews, transcripts, reports, or any other documents, whether previously made public or not, be made available to us.

Your early response to this request will be appreciated.

Sincerely,

R. C. Arnold
President
