Mr. James Felton, Director  
Office of Administration

RE: RIVER BEND, Units 1 & 2  
Gulf States Utilities Co., et al  
Dockets Nos. 50-458 & 50-459

Dear Mr. Felton:

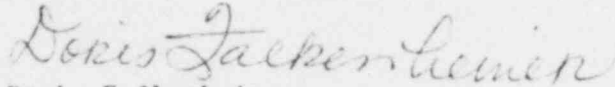

This is a "Freedom of Information Act" request pursuant to 5 U.S.C. Sec. 552, et seq. and 10 C.F.R., Part 9, Subpart A about the March 30-31, 1983 Caseload Forecast Panel Meeting and Site Visit.

1. Has a draft report of observations of the NRC staff during the meeting and site visit been prepared? If so, please provide a copy.
2. Has the NRC staff prepared a draft assessment and/or analysis of the construction status and construction completion date? If so, please provide a copy.
3. Has the Caseload Forecast Panel or other NRC staff prepared a draft report of this 1983 meeting and site visit? If so, please provide a copy.
4. If a draft report has been prepared, was a copy provided to the applicants and what response, if any, was made by the applicants? Please provide copies of the responses, if any, by the applicants, and by responses, I include memoranda of telephone conversations, office visits, or conversations at the site.

In the unlikely event that access and copies are denied to any part of the requested records, please describe the deleted material and specify the statutory basis for the denial as well as your reasons for believing that the alleged statutory justification applies in this instance. Also, please state separately your reasons for not invoking your discretionary powers to release the requested documents in the public interest.

I request that you waive any applicable fees as disclosure meets the statutory standard in that it would be "in the public interest because furnishing the information can be considered as primarily benefiting the general public." 5 USC 552 (a)(4)(A). I am representing the Louisiana Consumer's League, Inc., a non-profit membership organization which has petitioned for intervention in the operating license application proceedings.

Sincerely,

A handwritten signature in cursive script that reads "Doris Falkenheiner".
