REMEDIAL SOILS WORK AUTHORIZATION
FILE: 0485.16 UFI: 42*05*22*04, 12*32 SERIAL: CSC-6881

Attached for your review is Revision 7 to MPQP-1. The significant changes in MPQP-1 are as follows:

1. The Plan has been revised to provide coverage for how Mueser, Rutledge, Johnston & DeSimone (MRJD) will provide design services to support remedial soils work as a design contractor to Bechtel.
2. Where audit was covered in the various text locations, the wording has been clarified to reflect that the MPQAD Site Audit Organization has the prime responsibility for audits.
3. As appropriate, the new PEP's have replaced the old EDP's, and the Administrative Services Department Procedures have been added to the List of Applicable Procedures.

In accordance with the NRC/CPCo Work Authorization Procedure, we request your approval of this activity.

102351125 - Approval of MPQP-1, Rev 7

Upon receipt of your authorization, an effectivity date will be assigned and the plan will be released.
