MEMORANDUM TO: Allegation File RI-91-A-0238

FROM: John T. Shedlosky, Acting Chief
Reactor Projects Section No. 4A, DRP

I received a telephone call from [] at 3:00 p.m. on August 3, 1992. [] requested a copy of the NRC Region I correspondence relating to the closure of allegation issues for his concerns for the Millstone Nuclear Station, Unit 2 reactor in-core instrumentation calibration methods. His allegation was brought to us on approximately August 29, 1991.

This issue was closed through a copy of an NRC Region I inspection report which evaluated the issue.

I committed to contact [] if there was any delay expected in filling his request.
