Mr. John H. Griffin
Vice President, Nuclear Operations
Arkansas Power & Light Company
P. O. Box 551
Little Rock, Arkansas 72203

Dear Mr. Griffin:

SUBJECT: DELETION OF HOME TELEPHONE NUMBERS, UNLISTED UTILITY
NUMBERS, ETC. FROM EMERGENCY PLANS

Arkansas Nuclear One, Unit Nos. 1 and 2

By Generic Letter No. 81-27 dated July 9, 1981, we advised licensees and
applicants that:

When emergency plans and implementing procedures, or changes
thereto, are submitted in the future, please mark all pages
which have privacy or proprietary material, bracket the specific
information involved, and identify these pages in the transmittal
letter.

During the past two years the NRC has reviewed emergency plans and emergency
plan supplements to delete home telephone numbers, unlisted utility numbers,
and periodically social security numbers even when no request for these
deletions were made as required by Generic Letter No. 81-27. It has been
our experience that seldom do licensees and applicants request deletion
of information in the emergency plans or their supplements. This is to advise
you that we do not intend to review emergency plans to delete privacy or pro-
prietary information unless you specifically request that the information be
deleted as required by the July 9 letter. Therefore, absent such a request,
the entire plan will be placed in the NRC's Public Document Room in Washington,
D. C. and in the Local Public Document Room located near your plant site.

Sincerely,
