Atlanta, Georgia 30308

Dear Mr. Lamberski:

This responds to your letter dated February 22, 1995, attached, seeking agreement on the use of transcripts of depositions for the hearing on the diesel generator reporting issue. The Staff agrees with the schedule regarding deposition transcripts proposed in your letter. Adherence to such a schedule should prevent surprise and lead to a more orderly hearing proceeding on the diesel issue.

Sincerely,

Charles A. Barth
