Re: River Bend Operating License Antitrust review

Dear Mr. Toalston:

Thank you for your letter of February 10, 1984.

Sam Rayburn G&T, Inc., a wholesale customer of Gulf States Utilities Company, has signed an agreement with Big Rivers Electric Corporation, a Kentucky generation and transmission cooperative, to purchase 100 Mw of firm power and energy.

The power sale with Big Rivers is for a ten year term, beginning January 1, 1985.

Sam Rayburn G&T currently is negotiating wheeling and other arrangements with Gulf States. Accordingly, at this time, we have no comments to submit to the Nuclear Regulatory Commission.

Very truly yours,

Frederick H. Ritts
