Onsite Emergency Planning Contentions

Responses to Motions to Strike	-	April 30
Cross-examination Plans	-	May 4
Hearing	-	May 7

The Board established March 9, 1984 as the last date for responding to discovery requests on the contentions to be litigated according to the schedules set forth above.

The Board indicated that it would hear from the parties/participants regarding specification of I-42 at the prehearing conference set for March 5, 1984. The parties/participants to that contention were directed to hold discussions designed to narrow the contention prior to that date.

Although the Board addressed other matters in the conference call, the Staff's understanding is that the Board's request to it involved only the three categories of contentions mentioned above.

Respectfully submitted,

*Ann P. Hodgdon*
