Gentlemen:

Thank you for your letter dated January 30, 1984, informing us of the steps you have taken to correct the noncompliance which we brought to your attention in Inspection Report No. 50-483/83-17 forwarded by our letter dated November 10, 1983. We have reviewed your response to the item of noncompliance and concluded that the violation as issued was a valid noncompliance. However, we find your corrective actions acceptable. We understand that the testing program of the 1E Instrument AC systems and 125V DC systems will be completed prior to fuel load. We will examine these matters during a subsequent inspection.

Your cooperation with us is appreciated.

Sincerely,

"Original Signed by J. F. Streeter"
