ATTN: John M. Griffin
Vice President - Nuclear
Operations
P.O. Box 551
Little Rock, Arkansas 72203

Gentlemen:

This refers to the inspection conducted by Mr. James Kelly of this office during the period November 17-18, 1983, of activities authorized by NRC Operating Licenses DPR-51 and NPF-6, for Arkansas Nuclear One, Units 1 and 2 and to the discussion of our findings with Mr. John Marshall, and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection were the proposed changes to the security plan. Within this area, the inspection consisted of examination of selective procedures and representative records, interviews with personnel, and observations by the inspector on a line-by-line basis of the proposed changes to the security plan. These findings are documented in the enclosed inspection report.

Within the scope of this inspection, no violations or deviations were identified.

The material enclosed herewith contains Safeguards Information as defined by 10 CFR 73.21 and its disclosure to unauthorized individuals is prohibited by Section 147 of the Atomic Energy Act of 1954, as amended. Therefore, the material, with the exception of the report cover page which is an inspection summary, will not be placed in the Public Document Room and distribution will be limited.
