Gentlemen:

This refers to the inspection conducted under the Resident Inspection Program by Mr. L. A. Yandell of this office during the period December 1-31, 1983, of activities authorized by NRC Operating License DPR-40, for the Fort Calhoun Station, and to the discussions of our findings with you, and other members of your staff.

Areas examined during the inspection included operational safety verification, surveillance testing, maintenance activities, cold weather preparations, and followup of IE Bulletins. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosures will be placed in the NRC Public Document Room unless you notify this office, by telephone, within 10 days of the date of this letter, and submit written application to withhold information contained therein within 30 days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
