Gentlemen:

This refers to the inspection conducted by Ms. C. Abigail Evans of this office during the period November 14-18, 1983, of activities authorized by NRC Operating License DPR-40, for Fort Calhoun Station, and to the discussion of our findings with you and other members of your staff.

Areas examined during the inspection included compliance with Appendix B to 10 CFR Part 73, the Guard Training and Qualification Plan, and overall training and retraining activities for nonlicensed employees, including general training for licensed employees. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

The material enclosed herewith contains Safeguards Information as defined by 10 CFR 73.21 and its disclosure to unauthorized individuals is prohibited by Section 147 of the Atomic Energy Act of 1954, as amended. Therefore, the material, with the exception of the report cover page which is an inspection summary, will not be placed in the Public Document Room.
