Docket No. 50-29  
LS05-83-10-025

Mr. James A. Kay  
Senior Engineer - Licensing  
Yankee Atomic Electric Company  
1671 Worcester Street  
Framingham, Massachusetts 01701

Dear Mr. Kay:

SUBJECT: TRANSMITTAL OF FEDERAL REGISTER PORTIONS

Yankee Nuclear Power Station

Recently you have been receiving letters transmitting portions of the Federal Register containing the Commission's monthly notices which afford the public opportunities for hearing on requests for action involving your plant. This service has been provided primarily for the purpose of formally notifying individuals and entities included on the Commission's service list for licensing matters. Please take note that in the future you will receive this monthly publication without a transmittal letter. You and the addresses listed on the service list should, therefore, carefully peruse this monthly publication for the hearing opportunity notices which may be of interest to you.

Contact Hazel Smith, Licensing Assistant (301) 492-9505, if assistance or additional information is needed.

Sincerely,

Original signed by

Dennis M. Crutchfield, Chief  
Operating Reactors Branch #5  
Division of Licensing

Docket No. 50-116

Iowa State University  
ATTN: Dr. Benard Spinrod, Head  
Department of Nuclear  
Engineering  
Ames, IA 50010

Gentlemen:

This refers to the routine inspection conducted by Mr. W. B. Grant of this office on September 13-14, 1983, of activities at UTR-10 Training and Research Reactor authorized by NRC License No. R-59 and to the discussion of our findings with Messrs. E. Plettner, E. Sobottka and T. Zimmerman at the conclusion of the inspection.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

No items of noncompliance with NRC requirements were identified during the course of this inspection.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractors) believe to be exempt from disclosure under 10 CFR 9.5(a)(4), it is necessary that you (a) notify this office by telephone within ten (10) days from the date of this letter of your intention to file a request for withholding; and (b) submit within twenty-five (25) days from the date of this letter a written application to this office to withhold such information. If your receipt of this letter has been delayed such that less than seven (7) days are available for your review, please notify this office promptly so that a new due date may be established. Consistent with Section 2.790(b)(1), any such application must be accompanied by an affidavit executed by the owner of the information which identifies the document or part sought to be withheld, and which contains a full statement of the reasons which are the bases for the claim that the information should be withheld from public disclosure. This section further requires the statement to address with specificity the

E: 06

considerations listed in 10 CFR 2.790(b)(4). The information sought to be withheld shall be incorporated as far as possible into a separate part of the affidavit. If we do not hear from you in this regard within the specified periods noted above, a copy of this letter and the enclosed inspection report will be placed in the Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

C. J. Paperiello, Chief  
Emergency Preparedness and  
Radiological Safety Branch
