Dear Mr. Council:

Subject: Millstone Nuclear Power Station, Unit No. 3 - Use of Code Case
N-310-1

- References: (1) W. G. Council letter to D. G. Eisenhower, Use of Code Case
N-310-1, dated August 17, 1982
(2) W. G. Council letter to J. Grant, Use of Code Case
N-310-1, dated September 28, 1982
(3) B. J. Youngblood letter to W. G. Council, dated
October 22, 1982

You requested authorization to use ASME Code Case N-310-1 in the construction of component support bolting under Section III, Division 1, Class 1 of the Code, for the Millstone Nuclear Power Station, Unit 3 as identified in References (1) and (2).

By Reference (3) the NRC authorized your request but incorrectly referred to component support bolting under Section III, Division 1, Class 2 of the Code.

As discussed with Mr. Jim Powers of your licensing staff, the purpose of this notification is to authorize you to use ASME Code Case N-310-1 in the construction of component support bolting under Section III, Division 1, Class 1 of the Code at Millstone Nuclear Power Station Unit 3.

As discussed in Regulatory Guide 1.85, Revision 20 Code Case N-310-1 is acceptable subject to three conditions in addition to those conditions specified in the Code Case. The staff finds that the information you provided in Reference (1) satisfies these conditions.

Sincerely,

Original signed by:
B. J. Youngblood
