Gentlemen:

Thank you for your letter dated September 23, 1983, informing us of the steps you have taken to correct the item of noncompliance which we brought to your attention in Inspection Report No. 50-358/82-17 forwarded by our letter dated June 10, 1983. Your response to item 358/82-17-03(A) and 358/82-17-03(C) is considered adequate. With regard to your response to item 358/82-17-03(B), it is our understanding that you will provide a supplemental response to address the ASME code violation and actions being taken by CG&E to correct that violation. This understanding is based on a conversation between Mr. T. P. Gwynn, Senior Resident Inspector, and Mr. R. R. Wrucke on October 5, 1983. We will examine these matters during a subsequent inspection after receipt of your supplemental response.

Your cooperation with us is appreciated.

Sincerely,
