Docket No. 50-302

OCT 07 1983

Florida Power Corporation
 ATTN: Mr. Walter S. Wilgus
 Vice President, Nuclear
 Operations

Post Office Box 14042, M.A.C. H-2
 St. Petersburg, Florida 33733

Gentlemen:

With the following applications, which were filed with the Office of Nuclear Reactor Reactor Regulation (ONRR) for review for the Crystal River Unit No. 3 Nuclear Generating Plant, your Corporation remitted Class III fees pursuant to 10 CFR 170.22:

1. A January 11, 1980 request for Technical Specification Change No. 56 regarding detection capabilities for environmental sample analysis.
2. A March 19, 1982 request transmitting a revised Security Training and Qualification Plan.

Based on information provided by the ONRR staff, it has been determined that a refund of \$4,000 is appropriate for each of the above items because:

1. Item 1 was withdrawn by letter dated November 19, 1982, and no review had started prior to withdrawal of the request. Although 10 CFR 170.12(a) permits the retention of fees for withdrawn applications, it is our policy to exempt these applications from fees when review has not commenced before withdrawal. Therefore, we have concluded that an exemption pursuant to 10 CFR 170.11(b) from the fee requirements is hereby authorized by law, and such exemption is otherwise in the public interest and is hereby granted for this application.
2. The March 19, 1982 request contains information which is supplemental to your August 17, 1979 application for which a Class III fee (\$4,000) was also remitted.

We are concurrently authorizing the Division of Accounting and Finance to refund the sum of \$8,000 to your Corporation. Generally, refunds are made within two weeks.

Sincerely,

Original Signed by
