Gentlemen:

SUBJECT: REPORT NOS. 50-327/83-13 AND 50-328/83-13

We have completed our review of your January 31, 1984, request for an extension on deficiency item 327,328/83-13-08 until March 30, 1984. We concur in your decision based on the need to revise the Browns Ferry and Watts Bar emergency monitoring procedures in addition to the Sequoyah procedures. Your actions will be reviewed during a subsequent inspection.

Your cooperation in the matter is appreciated.

David M. Verrelli, Chief
Project Branch 1
Division of Project and
Resident Programs
