

Docket Nos.: STN 50-454/50-455
and STN 50-456/50-457

FEB 21 1984

Mr. Dennis L. Farrar
Director of Nuclear Licensing
Commonwealth Edison Company
Post Office Box 767
Chicago, Illinois 60690

Dear Mr. Farrar:

Subject: Deletion of Home Telephone Numbers, Unlisted Utility
Numbers, etc. from Emergency Plans

Byron Station, Units 1 and 2
Braidwood Station, Units 1 and 2

By Generic Letter No. 81-27 dated July 9, 1981, we advised licensees
and applicants that:

When emergency plans and implementing procedures, or changes
thereto, are submitted in the future, please mark all pages
which have privacy or proprietary material, bracket the specific
information involved, and identify these pages in the transmittal
letter.

During the past two years the NRC has reviewed emergency plans and emergency
plan supplements to delete home telephone numbers, unlisted utility numbers,
and periodically social security numbers even when no request for these
deletions were made as required by Generic Letter No. 81-27. It has been our
experience that seldom do licensees and applicants request deletion of information
in the emergency plans or their supplements. This is to advise you that we do
not intend to review emergency plans to delete privacy or proprietary information
unless you specifically request that the information be deleted as required by
the July 9 letter. Therefore, absent such a request, the entire plan will be
placed in the NRC's Public Document Room in Washington, D. C. and in the Local
Public Document Room located near your plant site.

Sincerely,

Original signed by:
