Post Office Box 33189

Gen'l Men:

We have received a copy of your application dated January 23, 1984, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application requested extension of the construction completion date for CPPR-116 to November 1, 1984 for the Catawba Nuclear Station Unit No. 1. Fees pursuant to 10 CFR 170.22 were not remitted with your application.

Based on information provided by the ONRR staff as the result of their preliminary review of your application, it has been determined that a Class II fee (\$1,200) is appropriate since the changes are administrative in nature. Therefore, you are requested to remit the sum of \$1,200 to this office. If the ONRR staff's final review of your application reveals that this fee is not appropriate, you will be notified and any necessary adjustments will be made.

Sincerely,

Original Signed by:
