

483
Docket No.: 50-482

FEB 27 1984

Mr. D. F. Schnell
Vice President, Nuclear
Union Electric Company
St Louis, Missouri 63164

Dear Mr. Schnell:

Subject: Union Electric Appeal of Technical Specification 3.6.1.7.b

The SNUPPS letter dated February 10, 1984 relating to SNUPPS Technical Specifications indicates that Union Electric is appealing the 500 hour Mini purge limit established in specification 3.6.1.7 to extend the maximum allowable time for containment purge. However, the proposed Technical Specification Changes identified in Attachment 2 do not propose any changes to specification 3.6.1.7.b.

Before we can process your appeal further, we must have the specific wording of your proposed change to Specification 3.6.1.7.b and your technical basis for the acceptability of the change.

Please provide your proposed specification changes within 7 days of receipt of this letter to permit the staff to prepare for an appeal meeting within 7 days from receipt of your response.

Sincerely,

Original signed by:
B. J. Youngblood
