Dear Mr. Dieckamp:

SUBJECT: MANAGEMENT MEETING ON OYSTER CREEK, NO. 50-219

This letter refers to the management meeting held at your request in the NRC Region I office on October 7, 1983. A list of attendees is enclosed.

The stated purpose for this meeting was to inform Region I of the results of the Institute of Nuclear Power Operations' (INPO) recent assessment of your Oyster Creek facility. As explained by you, this assessment was part of INPO's initial effort to move in the direction of a more quantitative evaluation of plants. This meeting gave me an opportunity to be generally briefed on the results of the Oyster Creek evaluation. INPO's findings for TMI-1 were also provided. I understand that you have subsequently sent the full INPO reports on both Oyster Creek and TMI-1 to the appropriate Hearing Boards.

We consider that the meeting was beneficial and improved our understanding of your activities. We will review the INPO evaluations to determine what action, if any, is appropriate.

In accordance with 10 CFR 2.790(a), a copy of this letter and its enclosure will be placed in the NRC Public Document Room. No reply is required.

Your cooperation is appreciated.

Sincerely,
